I. INTRODUCTION

1. At its 1st meeting, on 16 September 1992, the General Committee considered a memorandum by the Secretary-General relating to the organization of the forty-seventh regular session and future sessions of the General Assembly, the adoption of the agenda and the allocation of items (A/BUR/47/1). A summary of the discussion will appear in the summary record of the meeting (A/BUR/47/SR.1).

2. At the suggestion of the Secretary-General in paragraph 3 of his memorandum (A/BUR/47/1), the General Committee draws the attention of the General Assembly to the provisions reproduced in annexes V, VI, VII and VIII of its rules of procedure.

II. ORGANIZATION OF THE SESSION

A. General Committee

3. The General Committee took note of the General Assembly decisions relevant to its work which were brought to the Committee's attention by the Secretary-General in paragraph 4 of his memorandum (ibid.).

B. Rationalization of work

4. The General Committee took note (ibid., paras. 5 and 6) of the measures undertaken by the Secretary-General in pursuance of the goal of renewal and reform, in particular to recommendations 2, 3 and 7 of the Group of High-level Intergovernmental Experts to Review the Efficiency of the Administrative and Financial Functioning of the United Nations 1/ as reflected in his progress reports on the implementation of General Assembly resolution 41/213 (A/42/234, A/43/286, A/44/222) as well as a supplementary report submitted to the forty-fifth session of the Assembly (A/45/226). The Committee also took note of Assembly resolution 46/232 of 2 March 1992 on the revitalization of the United Nations Secretariat and resolution 46/235 of 13 April 1992 on the restructuring and revitalization of the United Nations in the economic, social and related fields.

5. At the suggestion of the Secretary-General (A/BUR/47/1, para. 7), the General Committee draws the General Assembly's attention to paragraph 5 of the annex to resolution 45/45 (A/520/Rev.15 and Amend.1, annex VIII) which reads as follows:

1/ Official Records of the General Assembly, Forty-first Session, Supplement No. 49 (A/41/49).

"5. The General Committee should consider, at the beginning of each session of the General Assembly, recommending that certain Main Committees should meet in sequential order, taking into account such matters as the number of meetings required for the consideration of the questions with which they are charged at that session, the organization of the work of the whole session and the problem of participation of smaller delegations."

In this connection, the Committee recommends to the Assembly that, as at recent sessions, the holding of concurrent meetings of the Special Political Committee and the Fourth Committee should be avoided, to the extent possible and with the necessary flexibility, during the forty-seventh session.

6. Furthermore, the General Committee draws the attention of the General Assembly to the fact that measures introduced to reduce costs relating to overtime continue to be in effect. As a result of these curtailments, the Secretariat will not be able to provide all the services rendered prior to 1986.

C. Closing date of the session

7. In accordance with the provisions of rule 2 of the rules of procedure, the General Committee recommends to the General Assembly that the forty-seventh session should recess not later than Friday, 18 December 1992, and close on Monday, 20 September 1993. The Committee wishes to inform the Assembly that, in accordance with an appeal by its Chairman, all the Main Committees should start their work as soon as possible and make every effort to complete their work by a target date of Friday, 27 November 1992.

D. Schedule of meetings

8. At the suggestion of the Secretary-General (A/BUR/47/1, para. 10), the General Committee recommends to the General Assembly that morning meetings should start at 10 a.m. promptly for all plenary meetings and meetings of the Main Committee during the forty-seventh session.

9. Also at the suggestion of the Secretary-General (ibid., para. 11), the General Committee recommends that, in order to avoid the late start of meetings, the General Assembly should waive the requirement of the presence of at least one third of the members to declare a plenary meeting open and permit the debate to proceed and one quarter of the members to declare a meeting of the Main Committee open and permit the debate to proceed. This recommendation would be made on the understanding that such a waiver would not imply any permanent change in the provisions of rules 67 and 108 of the rules of procedure. Furthermore, such a waiver would not affect the provision of the rules concerning the requirement of the presence of a majority of the members for any decision to be taken.

10. In this connection, the General Committee also recommends to the General Assembly that delegations should be reminded of the utmost importance of punctuality in the interest of ensuring an effective and orderly organization of work and achieving economies for the United Nations.

E. General debate

11. At the suggestion of the Secretary-General (ibid., paras. 13 and 14), the General Committee recommends that:

(a) The general debate should begin on Monday, 21 September and end by Thursday, 8 October 1992;

(b) The list of speakers in the general debate should be closed on Wednesday, 23 September, at 6 p.m.

12. On the proposal of the Secretary-General (ibid., para. 15), the General Committee draws the General Assembly's attention to the decision taken by the Assembly at previous sessions, namely that the practice of expressing congratulations inside the General Assembly Hall itself after a speech had been delivered was prohibited. The General Committee decided to recommend to the Assembly that the provision should also apply at the forty-seventh session. In this connection, the General Committee recommends to the Assembly that speakers in the general debate, after delivering their statements, should leave the Assembly Hall through room GA-200 located behind the podium before returning to their seats.

F. Explanations of vote, right of reply, points of order and length of statements

13. At the suggestion of the Secretary-General (ibid., para. 16), the General Committee draws the attention of the General Assembly to paragraphs 6, 7 and 8 of its decision 34/401 (A/520/Rev.15, annex VI), which read as follows:

> "6. Explanations of vote should be limited to ten minutes.
>
> "7. When the same draft resolution is considered in a Main Committee and in plenary meeting, a delegation should, as far as possible, explain its vote only once, i.e., either in the Committee or in plenary meeting, unless that delegation's vote in plenary meeting is different from its vote in the Committee.
>
> "8. Delegations should exercise their right of reply at the end of the day whenever two meetings have been scheduled for that day and whenever such meetings are devoted to the consideration of the same item."

14. At the suggestion of the Secretary-General (A/BUR/47/1, para. 17), the General Committee, in line with time-limits for explanations of vote and right

of reply, recommends to the General Assembly that points of order should be limited to five minutes.

15. Furthermore, in connection with the length of statements, with a view to streamlining the procedures of the General Assembly and as a cost-saving measure, the General Committee draws the attention of the Assembly, as it did at recent sessions, to rules 72 and 114 of the rules of procedure and paragraph 22 of annex VI thereto for appropriate action in plenary meeting and the Main Committees.

G. Records of meetings

16. As at past sessions (A/BUR/47/1, para. 19), verbatim records will continue to be provided during the forty-seventh session for the plenary meetings of the Assembly and meetings of the First Committee and summary records will be provided to the General Committee, the Credentials Committee and the other Main Committees of the Assembly. In accordance with the recommendation of the Special Committee on the Rationalization of the Procedures and Organization of the General Assembly (A/520/Rev.15, annex V, para. 108 (b)), the General Committee recommends that the Assembly should maintain for the forty-seventh session the practice whereby the Special Political Committee may obtain, on specific request, transcriptions of the debates of some of its meetings, or portions thereof. These transcriptions, which would not be part of the official records of the Committee, would be provided as the required services became available. Furthermore, the General Committee wishes to draw the Assembly's attention to paragraphs 8 and 9 of its resolution 38/32 E of 25 November 1983, which read as follows:

> "8. Decides that the practice of reproducing statements in extenso as separate documents shall be discontinued for all its subsidiary organs that are entitled to summary records;
>
> "9. Decides further that any exceptions to this rule may be made by the body concerned only if the statements are to serve as bases for discussion and if, after hearing a statement of the relevant financial implications, the body decides that one or more statements in extenso may be included in the summary record, or reproduced as separate documents or as annexes to authorized documents;"

In this connection, the General Committee also recommends to the General Assembly that the practice not to reproduce in extenso statements made in a Main Committee should be maintained for the forty-seventh session.

H. Concluding statements

17. At the suggestion of the Secretary-General (A/BUR/47/1, para. 21), the General Committee draws the General Assembly's attention to paragraph 17 of its decision 34/401, which reads as follows:

"17. To save time at the end of the session, the practice of making concluding statements in the General Assembly and its Main Committees should be dispensed with except for statements by the presiding officers."

I. Resolutions

18. At the suggestion of the Secretary-General (ibid., para. 22), the General Committee draws the General Assembly's attention to paragraph 32 of its decision 34/401, which reads as follows:

"32. Whenever possible, resolutions requesting the discussion of a question at a subsequent session should not call for the inclusion of a separate new item and such discussion should be held under the item under which the resolution was adopted."

19. Furthermore, at the suggestion of the Secretary-General (ibid., paras. 23 and 24), the General Committee draws the General Assembly's attention to recommendation 3 (f) of the Group of High-level Intergovernmental Experts, which reads as follows:

"(f) Efforts should be made to reduce the number of resolutions adopted by the General Assembly. Resolutions should request reports of the Secretary-General only in cases where that would be indispensable for facilitating the implementation of these resolutions or the continued examination of the question."

The Committee also draws the attention of the General Assembly to paragraphs 1 and 10 of the annex to resolution 45/45 (A/520/Rev.15 and Amend.1, annex VIII).

J. Questions related to the programme budget

20. At the suggestion of the Secretary-General (ibid., paras. 25 and 26), who referred to rule 153 of the rules of procedure, the General Committee draws the General Assembly's attention to paragraphs 12 and 13 of its decision 34/401, which read as follows:

"12. It is imperative that Main Committees should allow sufficient time for the preparation of the estimate of expenditures by the Secretariat and for its consideration by the Advisory Committee on Administrative and Budgetary Questions and the Fifth Committee and that they should take this requirement into account when they adopt their programme of work.

"13. Furthermore:

"(a) A mandatory deadline, not later than 1 December, should be established for the submission to the Fifth Committee of all draft resolutions with financial implications;

"(b) The Fifth Committee should, as a general practice, consider accepting without debate the recommendations of the Advisory Committee on Administrative and Budgetary Questions on the financial implications of draft resolutions up to a prescribed limit, namely, $25,000 on any one item;

"(c) Firm deadlines should be set for the early submission of the reports of subsidiary organs which require consideration by the Fifth Committee;

"(d) A minimum period of forty-eight hours should be allowed between the submission and the voting of a proposal involving expenditure in order to allow the Secretary-General to prepare and present the related statement of administrative and financial implications."

The General Committee also draws the attention of the Assembly to paragraph 6 of its resolution 35/10 A of 3 November 1980, which reads as follows:

"6. Decides that all proposals affecting the schedule of conferences and meetings made at sessions of the General Assembly shall be reviewed by the Committee on Conferences when administrative implications are being considered under the requirements of rule 153 of the rules of procedure of the Assembly."

21. Also at the suggestion of the Secretary-General (ibid., para. 25), the General Committee draws the General Assembly's attention to regulation 4.9 of the Regulations Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation (resolution 37/234, annex), which reads as follows:

"Regulation 4.9. No Council, Commission or other competent body shall take a decision involving either a change in the programme budget approved by the General Assembly or the possible requirement of expenditure unless it has received and taken account of a report from the Secretary-General on the programme budget implications of the proposal."

22. In connection with subparagraph 13 (d) of decision 34/401 quoted above, the General Committee wishes to draw the attention of the General Assembly to the observations of the Secretary-General (A/BUR/47/1, paras. 27 and 28), regarding the fact that, depending on the type and complexity of proposals involving changes in the work-programme and additional expenditures, the preparation of a statement of programme budget implications by the Secretary-General may take a few days. In addition, the Advisory Committee on Administrative and Budgetary Questions and the Fifth Committee need adequate time to review the programme budget implications of a draft resolution before the latter can be acted on by the Assembly. The Secretary-General thus considers it desirable that Member States submit proposals involving statements of programme budget implications sufficiently in advance to avoid the cancellation of meetings and the postponement of consideration of items.

K. Documentation

23. On the proposal of the Secretary-General (A/BUR/47/1, para. 29), the General Committee draws the General Assembly's attention to paragraph 28 of its decision 34/401, which reads as follows:

> "28. The General Assembly, including its Main Committees, should merely take note of those reports of the Secretary-General or subsidiary organs which do not require a decision by the Assembly and should neither debate nor adopt resolutions on them, unless specifically requested to do so by the Secretary-General or the organ concerned."

24. Furthermore, the General Committee took note of the proposal by the Secretary-General that the Committee should examine further the question of how to respond to the increasing volume of documentation (ibid., para. 30). Given the limited capacity of the documentation processing services, it is essential that documentation requirements be met according to established priorities. Of necessity, pre- and in-session documents must take precedence over meeting records. The translation of summary records, in particular, must be delayed if demand exceeds capacity. Waiving the simultaneous distribution requirement in this case will ensure that some language versions of summary records will appear in a timely manner.

L. Observances and commemorative meetings

25. At the suggestion of the Secretary-General (ibid., paras. 31 and 32), the General Committee recommends to the General Assembly that, allowing for the necessary flexibility and with the exception of the anniversary of the United Nations, the Assembly adopt the following format for commemorative meetings: statements by the President of the General Assembly and the Secretary-General, statements by the chairmen of the five regional groups and by the representative of the host country. The Committee also recommends that consideration be given to limiting each statement to 15 minutes.

26. The General Committee further recommends that observances and commemorative meetings should take place, as far as possible, immediately following the general debate. The advantage of such a procedure is that it may facilitate the participation of dignitaries attending the general debate. This procedure would also allow advance planning of the Assembly's work.

M. Special conferences

27. At the suggestion of the Secretary-General (A/BUR/47/1, para. 33), the General Committee draws the General Assembly's attention to recommendation 6 of the Committee on Conferences, 2/ adopted by the Assembly in paragraph (b) of its decision 34/405, which reads as follows:

> "(b) The Committee, taking into account difficulties encountered in ensuring adequate preparation of meetings, including timely distribution of documentation, as well as the ability of Member States to participate fully, recommends that the General Assembly should instruct the Main Committees to review the number of special conferences of the United Nations already proposed and scheduled in their respective fields of activity prior to deciding upon the scheduling of new and additional special conferences, thus bearing in mind the relevant portions of General Assembly resolution 33/55."

The General Committee also draws the Assembly's attention to recommendation 2 (d) of the Group of High-level Intergovernmental Experts, which reads as follows:

> "Until 1978, a number of resolutions had requested that only one major conference be scheduled annually. The decision of the General Assembly that no more than five special conferences should take place in a given year and that no more than one special conference should be convened at the same time should be strictly implemented."

28. Furthermore, at the suggestion of the Secretary-General (ibid., para. 34), the General Committee draws the General Assembly's attention to the relevant provisions of recommendation 4 of the Group of High-level Intergovernmental Experts which reads as follows:

> "The existing principle that United Nations bodies should meet at their respective established headquarters, as provided for in General Assembly resolution 40/243 of 18 December 1985, should be strictly enforced. Whenever the Assembly accepts an invitation from the Government of a Member State to hold a conference or meeting away from established headquarters, the additional cost should be borne in full by that Government. The methods of budgeting these costs should be improved so as to ensure that all additional costs are accounted for."

2/ Official Records of the General Assembly, Thirty-fourth Session, Supplement No. 32 (A/34/32), para. 79.

N. Meetings of subsidiary organs

29. The General Committee, in the light of recommendations submitted by the Committee on Conferences (A/47/409/Add.1), recommends to the General Assembly that the following subsidiary organs should be authorized to meet during the forty-seventh session:

(a) Advisory Committee on the United Nations Educational and Training Programme for Southern Africa;

(b) Committee of Trustees of the United Nations Trust Fund for South Africa;

(c) Committee on Relations with the Host Country;

(d) Committee on the Exercise of the Inalienable Rights of the Palestinian People;

(e) Executive Board of the United Nations Children's Fund;

(f) Intergovernmental Group to Monitor the Supply and Shipping of Oil and Petroleum Products to South Africa;

(g) Special Committee against Apartheid;

(h) Working Group on the Financing of the United Nations Relief and Works Agency for Palestine Refugees in the Near East.

III. OBSERVATIONS AND PROPOSALS ON THE ORGANIZATION OF FUTURE SESSIONS

30. The General Committee took note of the views of the Secretary-General (A/BUR/47/1, paras. 36 and 37). The provisional agenda of the General Assembly reflects the concern of Member States with a myriad of issues spanning political, economic, social and financial fields. The growing complexity of many global issues and their increasingly interdisciplinary nature pose a challenge to the Organization's ability to respond swiftly. The Assembly is faced with many items that require timely and purposeful consideration, often under stringent deadlines. It is therefore imperative that it continue to improve its operating procedures so as to organize its work effectively and make optimum use of the time available.

A. Programme of work of the General Assembly

31. At the suggestion of the Secretary-General (ibid., para. 39), the General Committee recommends to the General Assembly that it consider the possibility of rationalizing its meetings between January and August of each year to allow advance planning for delegations and the Secretariat. During the past few

years, the Assembly has met frequently between January and August. Most recently, during the forty-sixth session, it met every month, with the exception of January and June. These meetings were not envisaged in the calendar of meetings and therefore ad hoc arrangements had to be made to continue to provide adequate Secretariat services at the expense of other requirements.

B. Main Committees

32. At the suggestion of the Secretary-General (ibid., para. 40), in light of the experience gained in scheduling the work of the General Assembly and making allowances for the required flexibility, the General Committee recommends to the Assembly that it examine the possibility of fixing staggered target dates for the completion of work of the Main Committees. This would allow for better planning of meetings and processing of the reports of the Main Committees.

33. The General Committee endorsed the suggestion of the Secretary-General (ibid., para. 41) that it should undertake a review of the structure and mandates of the Main Committees with a view to making recommendations to the General Assembly on possible improvements, including merging the mandates of some Committees or changing their responsibilities in the light of the evolving agenda of the General Assembly.

IV. ADOPTION OF THE AGENDA

34. The General Committee considered the draft agenda of the forty-seventh session submitted by the Secretary-General in his memorandum (A/BUR/47/1). All the items contained in the draft agenda formed part of the following documents:

(b) Supplementary list (A/47/200);

(c) Requests for the inclusion of additional items (A/47/241, A/47/242).

35. The General Committee decided to recommend, as suggested by the Secretary-General (A/BUR/47/1, para. 43), that the General Assembly direct its Main Committees to review their agenda with a view to streamlining their programme of work. In particular, the Main Committees should consider:

(a) The grouping of related items under a single heading;

(b) The staggering of items over two or more years.

36. With regard to item 77 of the draft agenda (Question of the Malagasy islands of Glorieuses, Juan de Nova, Europa and Bassas da India), the General

Committee decided to recommend that the consideration of the item should be deferred to the forty-eighth session and that the item should be included in the provisional agenda of that session.

37. In connection with item 103 of the draft agenda (Question of East Timor), the General Committee decided to recommend that the consideration of the item should be deferred to the forty-eighth session and that the item should be included in the provisional agenda of that session.

38. Taking into account paragraphs 34 to 37 above, the General Committee recommends to the General Assembly the adoption of the following agenda: 3/

1. Opening of the session by the Chairman of the delegation of Saudi Arabia (P.1).

2. Minute of silent prayer or meditation (P.2).
